Addressing the Stigma of ADHD and Co-Occurring Conditions

with **Robert M. Tudisco, Esq.**
Special Education Attorney
Barger & Gaines

This presentation discusses the origins and nature of stigma against mental illness, ADHD, Learning Disabilities and a number of other disabilities, and how protecting children from these stigmas can actually perpetuate them. I offer a number of alternative ways to address, dismantle and move past these stigmas in a much more productive way.

Thursday, September 20
7:00 – 8:30 pm

Putnam Independent Living Services
1441 Route 22, Suite 204
Brewster, NY 10509

(parking and entrance in the rear of the Tompkins Mahopac Bank building)
